

# JOB OPPORTUNITY

**Job Title:** Pediatric Critical Care + Cardiac Critical Care

**Date Posted:** 2019-11-22

**Job Location:** Grand Rapids, MI

## **Job Requirements:**

The successful candidate will be a self-starter and a leader who is fellowship trained in Pediatric Critical Care and Pediatric Cardiac Critical Care. Teaching of residents and fellows will be a portion of the new physician's responsibilities as well as attending sedated procedures in the large, on-site Sedation Unit. As the prime pediatric, clinical academic partner of Michigan State University College of Human Medicine, Helen DeVos Children's Hospital offers academic appointments for qualified candidates and support for clinical research is also available.

## **Job Description:**

The dynamic team of seventeen critical care physicians including experienced and mid-career providers cares for a wide range of high acuity patients. The 24-bed Pediatric Intensive Care Unit admits more than 1,600 critically ill children and provides sedation services for over 7,000 outpatient procedures each year. Additionally the physicians help to support an additional 6 cardiac critical care beds in the cardiac surgery program.
